

The 2025-90 Minute Concept-Learning Webinar (live)

Ohio's Traffic Ticket-Arrest HB333

For 35 years, I've had the privilege of teaching "Quota-Free Policing" to hundreds of law enforcement agencies nationwide.

I've seen firsthand how anti-quota -laws while-critical to fair and ethical policing—can sometimes be misrepresented and misused.

The most disruptive underperformers attempt to twist the intent of these laws, claiming they prevent management from requiring officers to issue tickets or make arrests when necessary. This misinterpretation has caused costly conflicts, for agencies, to undermine the law's intent, erode agency cohesion, public trust attempting to beat the system.

The key to preventing these challenges lies in preparation. Management must get ahead of the game by understanding the law thoroughly and implementing it correctly. This course is designed to help agencies prepare.
