

Reengineering Accountability: An Introduction to Human Performance Management (Webinar Live)

Human Performance is a measurable outcome; human conduct and behavior is a process.

Learning Objectives

At the end of the session, participants are expected to know how to:

1. Strengthen ethical performance and self-accountable governance.
2. Promote unity across organizational levels.
3. Build and sustain public trust.
4. Lead with clarity while upholding constitutional and ethical standards.

Presenter: Donald J. Van Meter, PhD, Dr. Van Meter is a veteran law enforcement professional and an **applied theorist in Human Performance Technology**. With over forty years of experience, he has worked with hundreds of agencies nationwide to enhance efficiency, decision-making, and performance in high-pressure environments. His expertise integrates **Human Performance Science with practical strategies**, making him a sought-after consultant and speaker in law enforcement optimization.
